

Blu-Kote: Anti-Bacterial & Anti-Fungal Wound Care

Dr. Naylor Blu-Kote is a germicidal and fungicidal wound dressing that can quickly put your horses back on the track! Use as an effective treatment of surface wounds, abrasions, and ringworm. Antiseptic and fast-drying, Blu-Kote is highly effective against pus-producing bacteria and common fungus infections. It penetrates quickly to reduce pus formation and dry up secretions of pox-like lesions. Blu-Kote rapidly dries up blisters and pox-like sores. Blu-Kote is an effective remedy for thrush and foot rot.

How to Use: Clean and dry affected area before spraying. Spray from about 4 to 8 inches away. Spray only a light application. Repeat once or twice a day.

When to Use: Use on any age equine or farm animal as soon as the wound is cleaned and dried.

Where Can I Buy Blu-Kote? Blu-Kote is available as an aerosol spray, pump spray and dauber. It is available at retailers like Tractor Supply, True Value, Blain's, Bradley-Caldwell, RJ Mathews, or on-line at Walmart, Chewy and Jeffers. Looking for a dealer near you? Call us!

I am sooo happy and so grateful for the amazing healing and results from Blu-Kote!

I wanted to make sure I contacted you to let you know how well the product worked on such a serious injury! I always use Blu-Kote with the dauber, for everything from fungus, to wounds, to heel bulb thrush, but this is the first time I've used it on such a serious injury. I'm so grateful I did! Thank you so much!

** Note: Blu-Kote stains wet or dry.
